Road School

City Street & County Road School

April 21-24

2015

Dixie Center, St. George, Utah

WORKSHOPS Enjoy a lineup of presenters that will give up information and updates on technologies that can apply to all aspects of our roads. You'll hear the latest from on the ground and in the air about keeping Utah's roads in tip-top shape! We're planning more than 35 workshops offering the latest technology straight from the experts.

EXHIBITION Browse the exhibition hall at the Dixie Center and visit the booths of more than 100 vendors showing off amazing products and strategies to help make life easier on the roads. And be sure to have them stamp your dance card and become eligible for all sorts of cool prizes.

PATRICK SAPIO

“Things I’ve Learned Along the Way”

From the moment we wake up to the time we fall asleep we are dealing with others around us. Whether it's our partner, our children, parents, neighbors, extended family and community, co-workers, or our boss... these relationships must be managed in order to have a fulfilling life. Hear from a man who speaks with candor, wit, and wisdom about the keys to job satisfaction and better relationships as he explains the things he's learned along the way.

JOANNE GLANTZ-MAHANNAH

The communications expert who can teach anyone to get along with anybody! (almost)

She'll share the techniques to help you sharpen up on your listening skills and learn the art of influence and persuasion while reducing conflicts and misunderstandings. In a world filled with people who don't understand each other, learn what you can do to improve valuable communication channels in your life.

BLAIR BARNHARDT

The man who wrote “The Book on Roads”

Best-selling author Blair Barnhardt is the founder and Executive Director of IPMA™, the International Pavement Management Association, with a goal to make expert pavement management, in-place asphalt recycling and pavement preservation knowledge and accreditation available to everyone in this world.

UTAH LTAP

The Utah LTAP Center will be sponsoring four workshops during the week that require an additional fee and preregistration with LTAP. To register for these any of these workshops please use LTAP's online registration system: <http://utahltap.org/> Or for more information about a class please contact LTAP's Pam Pyle at (800) 822-8878, or Pamela.pyle@usu.edu.

Fundamentals of PROW ADA Accessibility Design, Layout, Inspection, and Construction

Tuesday, April 21, 8 am – 5 pm (Lunch on your own) Fee: \$65

In this full day course, participants will receive a certification of course completion for "Fundamentals of Public Rights-of-Way (PROW) ADA Accessibility Design, Layout, Inspection, and Construction." This course involves discussion of the major design assistance documents available for properly planning, designing, and constructing accessibility features in the public way. Actual layout of curb cut assemblies will be a major topic of discussion, including a step-by-step process. Workshop topics include ADA history, enforcement of ADA, transition plans, 2011 PROW Proposed Accessibility Guidelines, APWA and UDOT Standards, 2007 Special Report on Accessible Public Rights-of-Way layout of curb cut assemblies, and lessons learned from practical experience.

ATSSA Flagger Certification

Wednesday, April 22, 8 am – 12 pm – Lunch tickets may be purchased from ULCT

Fee: \$30

This state-specific flagger training is recommended for all roadway workers, contractors, law enforcement and supervisors. This is a basic course that prepares each worker to handle the responsibilities associated with Utah highway flagger responsibilities as outlined in Part 6 of the MUTCD.

In the course, each worker will be required to take a short exam and demonstrate their understanding of the rules covering a flagger through a mock-up of a traffic control situation. ATSSA Certification card will be issued to those who pass the exam. Certification is good for 3 years.

INSTRUCTOR: Ed Rufener

Traffic Control Technician

Thursday, April 23, 8 am – 4 pm – Lunch tickets may be purchased from ULCT

Fee: \$125 - State & Local Agencies

\$150 - Out of state or private companies

The Traffic Control technician course is offered as an introduction to the basic principles of temporary work zone traffic control. This one-day training course is designed to instruct the participants in the underlying principles of temporary traffic control as set forth in the MUTCD.

In this course students will be provided with practical knowledge, techniques, and instruction on the installation and maintenance of traffic control devices to enable them to apply practical concepts. The Utah LTAP Center is recommending this course for all workers which may be required to handle temporary traffic control devices and is accepted by UDOT as a Traffic Control Maintainer. Workers are required to complete a written examination and will receive a certificate of completion from ATSSA. Training is good for 4 years.
